

NTH 110

Condensate pump

Into the box

Pump
mm 465 x 205 x H 60
with power and alarm
cables 2 m

Cable tie for the adaptor

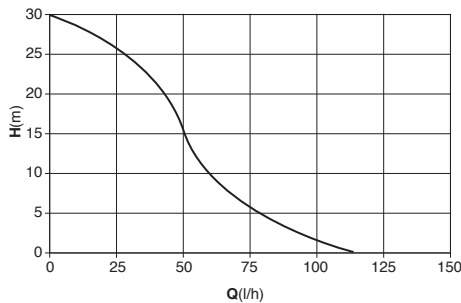

Vibration damper tape
for side or vertical position

Sound level 60 dBA

The NTH 110 has been designed to remove condensate from refrigerated displays and counters. It is made of stainless steel to grant a constant use and a longer working life. It has a tank with a capacity of 3 l, with the condensate inlet in the upper part. An ultra slim design to fit under the most refrigerated displays and counters.

Code	Article	Description
SP04091100	NTH 110	Condensate pump

Technical data

- Max flow.....10 l/h
- Max head.....30 m
- Voltage.....230V - 50Hz
- Max rated current37W
- Alarm contacts.....NA NC 2A 230V
- Weight.....4 Kg
- Inlet suction.....50mm
- Discharge.....15mm
- Power cable.....2 mt
- No alarm cableno provided
- Tank volume.....3 lt
- Protection class.....CE
- Certification.....IP51
- RoHS 2 compliantApproved

Example of installation

1 - The pump can be placed horizontally collecting the condensate from the upper part of the tank.
